I intended to meet with the Councilman today as part of a group representing business improvement districts and opposed to any legalization of street vending. Unfortunately, a critical business district situation is going to prevent me from being present.

The Councilman is well aware of the Westchester Town Center's long standing opposition to any street vending within our area. Attached is a recent letter to that effect.

In addition, a letter from C.W. Business Center, a Westchester small business, expressing a similar viewpoint is also attached.

Other letters opposing street vending are in the process of being prepared by the Westchester Playa Neighborhood Council, the LAX Coastal Chamber of Commerce, and several other local groups.

My apologies for missing today's important meeting.
